Port Wakefield Community Newsletter Now Published Monthly

At our recent AGM, the committee decided that the newsletter would be more sustainable for the future, not to mention a more interesting read, if we switched to publishing once a month rather than fortnightly from now on.

With rising costs, a dwindling pool of volunteers, and social media competing with us as a source of community news, we need to make sure printing a community newsletter is still practical and worthwhile in 2024. By switching to one issue a month, we hope to bring you more original content and ensure we can stick around for many years to come.

But if the newsletter is going to thrive, we need your help. Want to try your hand at writing an article, or got a favourite recipe to share with the world? Taken a good photo lately, or know any PG-rated jokes? Please send them to us at p.w.news@hotmail.com.

Thanks to our readers and advertisers for their support. We look forward to bringing you our September issue on August 28th.

Our publication dates for the rest of 2024 will be September 25th, October 30th, and December 4th.

HUMMOCKS WATCHMAN EAGLES ROUND 11 UP

In Round 12, we hosted the Virginia Rams in our second game at our northern ground. Great to see the A grade, B grade and Senior Colts having wins at home, while almost all the junior netballers collected the points!! Well done to the U15, U13A, U13B, U11 and U9s on their wins.

Round 12 highlights:

- After an intense storm went through Lochiel the night before, the netball courts were left a little worse for wear come Saturday morning and were covered in debris. Big thanks to all those who grabbed a broom, blower or squidgy and chipped in to get the courts up to a safe standard to play. Led by Nathan Young and Tim Moulds, it was an incredible team effort and fantastic to see our great club spirit in action!
- Well done to Jackson Anderson, who played his first A grade game, and was a great contributor in our back lines.
- Great to see a new face in our A1 line up with Hannah McArdle filling in for the week, at the defence end. Hannah is the cousin of A1 mid-courter, Tahneil McArdle.
- Top job to the Brandon Taylor & his social committee on another successful Nantawarra Show! While numbers were slightly down, the rodeo theme was fully embraced with cowboys & cowgirls (and even a couple of rodeo clowns) descending on Nantawarra Hall! The mechanical bull a huge hit, especially among the kids & young at heart! Special mention to Archie Taylor, who was very impressive with his 72-second bull ride. Nice work Archie!!

DID YOU KNOW?

- The term “honeymoon” comes from the tradition of newlyweds consuming honey after their wedding to help with fertility.
- Propolis, produced by bees, is a powerful natural antibiotic.
- Honey has no expiration date.
- A bee lives less than 40 days, visits at least 1,000 flowers, and produces less than a teaspoon of honey in its lifetime.
- A bee symbol appeared on some of the earliest coins minted in ancient Greece.

Yesterday's News

The Wooroora Producer September 7th, 1916

A surprise party was given to Mr E. A. J. Matthews last Friday evening at his home by some of his friends. Songs and cards were indulged in, Mr Syd Humphrey presided at the organ, and Mr E. Shearer also took part. Supper was laid out in a very tasty manner. Speeches were given by Messrs Shearer, Wickham, Humphreys, McCabe, L. Johnson and Sellen. Mr E. Matthews responded. The singing of the National Anthem brought a very enjoyable evening to a close.

While delivering fish one morning recently Mr John Black was bitten on the wrist by a dog with such severity that he was sent to the Wallaroo hospital. The dog was promptly destroyed.

The weather keeps very dry and warm, yesterday being particularly so. There is an abundance of green feed about, and towards evening the land is infested with mosquitoes of an alarming size, fitted up with the latest improvement in stings.

Two young men while out shooting last Saturday came face to face with a large brown snake, anything from four to nine feet in length. The reptile glided safely into a burrow, although there was ammunition on the ground sufficient to have blown his snakeship into the next field.

Horse-breaking is now the order of the day, and some magnificent buckjumping can be witnessed in the sandhills towards evening. So far no accidents have occurred.
